Preface

This is a Quarto book.

To learn more about Quarto books visit <https://quarto.org/docs/books>.

1 Introduction

This is a book created from markdown and executable code.

See Knuth (1984) for additional discussion of literate programming.

Part I

Dice

2 Introduction

This is a book created from markdown and executable code.

See Knuth (1984) for additional discussion of literate programming.

Note

Note that there are five types of callouts, including: `note`, `warning`, `important`, `tip`, and `caution`.

Tip With Caption

This is an example of a callout with a caption.

Expand To Learn About Collapse

This is an example of a ‘folded’ caution callout that can be expanded by the user. You can use `collapse="true"` to collapse it by default or `collapse="false"` to make a collapsible callout that is expanded by default.

Figure 2.1: the brain

3 Introduction

This is a book created from markdown and executable code.

See Knuth (1984) for additional discussion of literate programming.

Markdown allows you to write using an easy-to-read, easy-to-write plain text format.

4 Introduction

This is a book created from markdown and executable code.

See Knuth (1984) for additional discussion of literate programming.

5 Introduction

This is a book created from markdown and executable code.

See Knuth (1984) for additional discussion of literate programming.
